

**WESTLAKE CITY COUNCIL MEETING
OCTOBER 16, 2014
PROCEEDINGS OF A PUBLIC HEARING
AND A REGULAR SESSION**

Public hearing was called to order by President of Council Michael F. Killeen at 8:03 p.m. in accordance with Article III, Section 13, of the Westlake City Charter and legal notice published in the West Life on October 8, 2014, and October 15, 2014, regarding the following legislation:

ORDINANCE NO. 2013-197: AN ORDINANCE CONSIDERING A CONDITIONAL USE PERMIT FOR A NURSING HOME.

Council President Killeen stated that this ordinance would be removed from the agenda and no action would be taken on it or the corresponding Livingston Villas development plan at this meeting. The public hearing will be continued to a future date to be determined.

PETITIONS FROM THE PUBLIC:

Robert and Lynn Hayes, 3035 Oakwood, commented on the problems they are having with deer in their yard, their neighbor feeding them, the safety of their children, and the defeating of the ordinance banning deer feeding.

Council President Killeen stated that the problem is the number of deer, not the feeding of them, and that this is a neighbor dispute. Law Director Wheeler commented that it would be difficult to enforce a deer feeding ban, and he offered to talk with the neighbor regarding this issue.

Jim Patterson, 3000 Southwood Drive, commented on how his grandchildren can't play in his yard because of the deer droppings and that his landscaping has been eaten by the deer. He feels that the neighbor's feeding of the deer is a public nuisance and health and safety threat.

Mayor Clough stated that he is on a committee working to send a letter to the State of Ohio to get involved with the deer population problem in the area.

Councilmember Brady restated comments he made at the previous Council meeting regarding how the city of Solon effectively uses a culling process to reduce the deer population, and that they have a deer feeding ban that is in effect only during the culling period.

Ken Krauss, 3045 Oakwood, further commented on the deer issue, the harm done to property, the health and safety concerns, the neighbor feeding the deer, how the Metroparks have a ban on deer feeding, and that North Ridgeville has expanded its nuisance feeding ordinance. He requested that Council reconsider the defeated ordinance.

Councilmember Nunnari stated that he is in favor of reconsidering the defeated ordinance.

John Skelly, 28290 Southbridge, commented on the proposed retention basin in his development as a result of the recent Service, Streets, Sidewalks & Road Drains committee meeting, the effects that would have on the neighborhood and whether it would rectify the flooding issues contributed to by water coming from North Olmsted.

Council President Killeen and Councilmember O'Donnell clarified that the recommendations made at the Service committee meeting will need to be explored to see if they would be effective since they were based on the Woodruff Study done in 1978. The goal is to alleviate the flooding problems in the area in the best way possible.

A resident at 28350 Southbridge Circle commented on the state of the retention basin near her home that needs to be cleaned up.

Mayor Clough stated that they will look at it. Engineering Director Kelly stated that there is an informational sign now posted at this restored basin explaining that it contains native American plants and that it is not designed to be mowed anymore, but rather it is to be maintained as a wetlands habitat or nature preserve area according to EPA requirements.
